Roadworks notice – Tinakori Road/Thorndon Quay/Hutt Road

As a part of the Thorndon Quay Project, we have been upgrading the intersection at Tinakori Road and Thorndon Quay to be a signalised intersection with traffic lights. As day works are almost finished, there are final night works to complete construction in the area.

These works include surfacing, line marking and the installation of the cycleway. Included in the surfacing work is the lower section of Tinakori Road. To complete this section there will be a road closure for **two** nights. The road closure is required as this road is too narrow to safely carry out a stop/go arrangement.

Night work is scheduled to begin the week of Monday 10th March, and we expect these works to take 3 to 4 weeks depending on weather and unforeseen ground conditions.

We appreciate your understanding and thank you for your patience while we are in the final stages of construction for the area.

How this affects you

- Night works to begin week of Monday 10th March
- We expect these works to take up to 3 to 4 weeks (depending on unforeseen ground conditions and weather)
- This work will all be done on night shift between 7pm and 5.30am.
- Access to buildings will be always available
- The section of Tinakori Road between Thorndon Quay and Cottleville Terrace will be closed for **two** nights for surfacing
- We will send out a notification letter closer to the time confirming the dates and detour route of the Tinakori Road closure

Contact and information:

Please call **021 1948 631** to speak with our construction team or email Thorndon@wcc.govt.nz if you have any questions.
